provides that all Germans shall have the same rights before the law and that all privileges and advantages of be abolished, according to Berlin advices received here.

The free exercise of religious prace tice is guaranteed, within the limits of morality and public order. Scientific instruction, the measure

tribution of landed property shall be modified by a comprehensive process, Dielsch, Foreign Minister of Haden, ported, with a view to the repopulation of the

In its main feature the proposed Constitution, which has been drafted under Government auspices, provides for a Reichstag composed of two Chambers, one to be a popular Cham-ber and the other chosen by the states. The peoples Chamber shall be composed of deputies of the united German people, elected by secret, direct and universal ballot. All men and women over twenty years of age may vote. The lower Chamber will be chosen on the prin-

ciple of proportionate representation.

The drafters of the bull evidently had in mind a highly centralized government, with full control over most of the activities upon which the peo-ple are dependent,
